unfortunately a couple years after I started writing about sex and porn, a porn performer changed her name to mine -- exactly -- and has been getting quite a bit of mileage out of it. this is the person you will see at exotic erotic. and she is very, *very* different from me, as you will discover if you get her started talking about jews or brown people, ugh. it's looking like lots of people are confusing her for me, which may be how she gets these gigs, and it makes me very depressed to have someone taking (at the very least, peripheral) credit for my work.

it's depressing. but you and I will have adventures, don't you worry. I thought maybe you were going to happy hour at kink.com, which I highly suggest we do at a future date.

xo,
Vi
